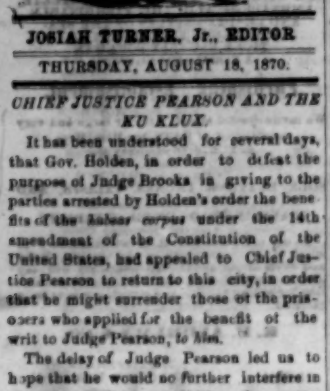
THE SENTINEL.



JOSIAH TURNER, Jr., EDITOR

THURSDAY, AUGUST 18, 1870.

CHIEF JUSTICE PEARSON AND THE KU KLUX.

It has been understood for several days, that Gov. Holden, in order to defeat the purpose of Judge Brooks in giving to the parties arrested by Holden's order the benefits of the *habeas corpus* under the 14th amendment of the Constitution of the United States, had appealed to Chief Justice Pearson to return to this city, in order that he might surrender those of the prisoners who applied for the benefit of the writ to Judge Pearson, *to him*.

The delay of Judge Pearson led us to hope that he would no further interfere in the case, until by possibility the matter came before him in regular session of the Supreme Court. These and other cognate matters must come ultimately before that Court, and it strikes us that the ends of justice might be better secured, under the circumstances, were he to stand aloof until that period. Moreover, he had been so completely broken down and apparently frightened from his propriety by Holden, we had supposed that having "exhausted *all* the powers of the Court" as he alleged, the writs had become *functus officio*. The injured citizens of Alamance and Caswell had applied to him in vain for relief, and despairing of it from him, their final appeal was to Judge Brooks, of the U. S. District Court, no longer hoping for or desiring further, the aid of Judge Pearson.

In our first supposition it appears we were mistaken. Chief Justice Pearson we learn, came down last night, and it is understood at the instance of Gov. Holden, he has determined to revive the writs, and has ordered the prisoners heretofore named, to appear before him in Chambers to day. We learn that that portion of the prisoners arrived here after three o'clock, P. M.

The rest of the prisoners, those not included in the writs sued out before Judge Pearson, we learn, will appear before Judge Brooks at Salisbury, to-day. The case is an anomalous and singular one. To us it approaches very nearly the ridiculous. What Judge Brooks will do in the premises, we are not able to say. We hope that the whole affair will soon terminate in the full vindication of the right, of justice and law, and to the utter discomfiture and punishment of bad men.

P. S. Since the above was in type, we have received the following correspondence. Let the reader call to mind the previous history of this case. Judge Pearson may attempt to throw all the responsibility of the delay upon Gov. Holden, but the people and posterity will hold him to the full extent of the obligation his official position imposes. It now looks very much as if Judge Brooks had resurrected the writs which Kirk failed to return:

EXECUTIVE DEPARTMENT,
STATE OF NORTH CAROLINA,
Raleigh, Aug. 15, 1870.

To the Hon. R. M. Pearson,
Chief Justice Supreme Court of N. C.:

DEAR SIR—In my answer to the notices served upon me by the Marshal of the Supreme Court, in the matter of Adolphus G. Moore and others, *ex parte*, I stated to your Honor that at that time the public interest forbade me to permit Col. Geo. W. Kirk to bring before your Honor the said parties; at the same time I assured your Honor that as soon as the safety of the State should justify it, I would cheerfully restore the civil power and cause the said parties to be brought before you together with the cause of their capture and detention.

That time has arrived, and I have ordered Col. Geo. W. Kirk to obey the writs of *habeas corpus* issued by your Honor. As the number of prisoners and witnesses is considerable, I would suggest to your Honor that it would be more convenient to make return to the writ, at the Capital in Raleigh. Col. Kirk is prepared to make such return, as soon as your Honor shall arrive in Raleigh.

With great respect,
Your ob't servant
W. W. HOLDEN,
Governor.

REPLY OF CHIEF JUSTICE PEARSON.

RALEIGH, August 18th, 1870.

To His Excellency Gov. Holden,

DEAR SIR:—Your communication of the 15th inst. was handed to me by Mr. Neathery. I will be in the Supreme Court Room at 10 o'clock A. M. inst., to receive the return by Col. Kirk of the bodies of A. G. Moore, and the others (in whose behalf writs of *habeas corpus* have heretofore been issued here) together with the cause of their arrest and detention.

Receiving the return after the delay to which you allude, of several weeks, is not to be taken as concurring on my part in the necessity for the delay, or as assuming any portion of the responsibility in regard to it. The entire responsibility rested on you. I was unwilling to plunge the State into a civil war upon a mere question of time.

With great respect your ob't serv't,
R. M. PEARSON, Ch. J. S. C.

NEW YORK TIMES.

This paper is one of the most able and conservative Republican Journals of the country. It pursues a fair and honorable course, in making no statements which it does not believe and have evidence of, arguing legitimately from correct premises, and boldly defending what it conceives to be right, fearless of consequences to its party.

The people of North Carolina have cause to honor the *Times* for its manly defence of law and of civil liberty in this State and for its outspoken condemnation of Holden and his lawless and revolutionary course. We ask special attention to the sensible and opportune article which we transfer from it to-day to our columns. There is a world of good advice to its party to which it must take heed, or overwhelming defeat awaits it.

THE MILITARY REMEDY FOR KU KLUX.

We have steadily opposed Gov. Holden's military plans for putting down, professedly the Ku Klux. First, because he had no authority of law, for his action. Secondly, because of the hazard of such a course to the peace and quiet of the State. Thirdly, because the discovery of the perpetrators of the alleged outrages could have been more easily and certainly effected by civil process, than by military violence. Fourthly, because of the palpable design to make use of the military as a means to secure a Radical triumph in the August election. Fifthly, because of the enormous expense involved in military matters. None of these reasons can be successfully overturned. Their truth is almost palpable to any understanding, and either one of them was sufficient in itself to have deterred any State Executive from the course taken by Gov. Holden, if indeed, he had any regard whatever for the Constitution or the laws, or for humanity or for civil liberty or for the peace of the community. It is an extremely rare case in which any man possessed of ordinary sense would have taken the course he has; but Gov. Holden is a rare man—a *sui generis*—one whose vaulting ambition, sheer selfishness and bad heart would prompt him to do just anything that promised to gratify them.

He has applied his military remedy and what has he gained by it? What good has been done by it? What proofs of lawlessness and crime have been made known by this agency which could not have been more easily and more fully brought out by a civil process? Suppose Gov. Holden had been disposed to respect the law, had felt himself bound to adhere to all his previously expressed views of the sacred rights of *habeas corpus*, and had in the several alleged Ku Klux outrages, insisted upon such a rigid course of investigation as has been had in New York in the case of Mr. Nathan, and suppose every man in Alamance and Caswell likely to know any thing of the alleged crimes, had been put on the witness stand and subjected to a rigid examination, is it not palpable, that in communities like those, unused to trickery and concealment, that more material facts connected with them might have been brought out, than has been elicited by Kirk's outrages? We have no doubt of it.

It is alleged by Gov. Holden and his co-adjutors, that *material facts* have been *forced* out of the arrested parties? All these and more might have been drawn out by the course suggested by us. But these *material* facts must yet be subjected to legal scrutiny, and only when this is done can the people judge of the facts. The fact that particulars may have been drawn out of men under arrest, some by voluntary confession and others by constraint, prejudices seriously the cause of the Governor among all fair-minded men. The strong probabilities of bias from fear and the hope of escape, may have drawn out some facts, but are they material in fixing undoubted guilt upon any one? We seriously doubt it. But if by the process, *the truth and nothing but the truth be elicited*, we say emphatically, let the innocent be protected, and *let the guilty be punished*. We never have been an apologist for crime in any one, and never will be. If there are persons in the land, who are reckless of human life and the peace of society, and will jeopard them by taking the law in their own hands, let them be dealt with fairly and legally, and if convicted of crime, let them be punished.

THE CONSTITUTION AND THE LAWS.

There are serious objections to the Constitution and laws of the State, as enacted the past two years by the Radical Convention and General Assembly. In many respects they are wholly unadapted to the tastes, the habits and the wants of our people. Many of their provisions are designed to meet the wishes of a portion of the people to the utter disregard of the interests of another portion. However well some of the principles of the Constitution may be suited to rich and populous States, they are wholly unsuited to a poor, sparse population like ours. Neither property nor life are secured, while a large class of our best citizens are subject to the control and are liable to be injured, at the will of the ignorant rabble.

While these things are true, our people have manifested no desire to effect a violent change of them, although suffering severely under their operation. No opposition whatever has been offered to their enforcement. No one raises a hand against the officers of the law in their due execution. Our people determined to obey them, until by legitimate means and the "sober second thought" of the people, a change could be effected in the manner prescribed by law.

That there is opposition in this State, to the National or State governments, as republican organizations we deny, all the hostility felt, is to some of the vicious principles incorporated recently into the organic and statute laws, and to the *conduct* of the government. Nor does this hostility extend to those provisions which relate to the conferring civil and political rights upon the negro. Many thought they were not wise—that they were premature, but no one contemplates or desires any change by which the negro shall be deprived of any right the Constitution and laws now guarantee to him.

JOHN POOL.

The disclosures made some days ago, showing up the malice and bad spirit of this man, towards the people of his native State, were not based upon simple hearsay. They were made upon the testimony of persons who alledged they were present and heard him make the horrid proposition.—The facts there stated, have not been denied by any one, who has any knowledge of them. It is palpable, that the *Standard* has not denied them, and the public are left to the inference that they are true to the letter. If true, what a black record that man has made.

For the Sentinel.

LEACHBURG, Aug. 16, 1870.

W. W. HOLDEN, *Dear Governor*:—After having waited a reasonable time, as I suppose, for you to digest the contents of my first letter, permit me to address you a second, in continuation of the first, upon the deplorable condition of public affairs, brought about by your highhanded unwarranted, vindictive proscriptive policy.

In my first letter, Governor, I attributed your infamous course either to incompetency, insanity, brutality or a depravity of heart and wickedness of purpose, that would make Satan blush and perdition weep.

Governor, as you have not seen proper to define your position, as you have not confessed nor forsaken your wicked course, in justice to you, myself and those whom you are oppressing, I will attempt to account for your high handed, profligate and wicked course upon the ground of your depravity of heart and wickedness of purpose.

In my first epistle I confined myself to the use of small arms alone, in endeavoring to demolish the citadel of your depravity and corruption; I beg leave, now with your kind permission, to bring to bear the artillery of truth against your fortress of wickedness and corruption.

Judging from the wincing of the galled jade and the thunders of an indignant, injured and insulted people, I think that the block house of your infamy can be carried without the shedding of innocent blood.

Governor, I will not caricature your crimes, I will state facts from the records, yes, Governor, from the record you swore to support, the Constitution, saying nothing of the laws made in pursuance thereof.

In the first place, Governor, permit me to call your attention to your oath of office, which you will find in the Constitution of the State, Article 3, section 4. For your edification, Governor, I will transcribe it: The Governor, before entering upon the *duties* of his office, shall, in the presence of the members of both branches of the General Assembly, or before any Justice of the Supreme Court, take an oath or affirmation that he will support the Constitution of the United States and of North Carolina, and that he will faithfully perform the duties appertaining to the office of Governor to which he is elected.

Governor, I suppose with all your temerity and dogged pertinacity, you will not deny that under our form of government, that there are three co-ordinate branches, the legislative, judicial and executive, and that you swore, as Governor, to support the Constitution and laws of North Carolina—you are not either the legislative nor the judicial branch, it is not in your power either to make or expound the Constitution or the laws of North Carolina, but to carry them into effect or superintend the execution or enforcement of them.

Now Governor, let us analyze the matter and see how you stand; the first inquiry is, have you, as the Executive Department of the State, confined yourself to the execution of the laws. I charge Governor, that you have not, but that you have in palpable violation of the constitution and your oath—infringed upon both the legislative and judicial branches of the State government. I am aware, Governor that I use strong language, but if the constitution sustains me the fault lies at yours and not my door.

There is no other way of reaching you Governor, but by facts so apparent that a wayfaring man, though a fool could not, nor would not err therein.

Though I may succeed in convincing an impartial public of the criminality of your course; had I not know you in your better days I should now despair of extorting from you an honest confession of your sins on the truth of my charges. I hope Governor, that your intellect is not so blunted, nor your conscience so scarred by crime as not to admit the truth of my charges now that you have been arraigned, tried and convicted by the honest, confiding, unsuspecting people you have betrayed and tyrannized over with a high hand and an outstretched arm. Yes, Governor, the people have spoken out trumpet tongued at the ballot box; they have consigned the putrid slough Radicalism of which you are the corner stone, to interminable oblivion and infamy.

As your charges in your bill of indictment against the people of North Carolina in the shape of proclamations come under the head of criminal proceeding, I beg leave, Governor, to call your attention to those parts of the Bill of Rights and Constitution that are germain to the purpose of convicting you of a dereliction of duty. For that purpose, Governor, permit me to call your kind and prayerful attention to the eleventh, twelfth, thirteenth, seventeenth, eighteenth, twenty first and twenty-fourth sections of the Bill of Rights and the eighth and ninth sections of the third article of the Constitution.

For the sake of perspicuity, I propose to take those parts of the Constitution referred to above and discuss them categorically for your special benefit.

Sec. 11th. In all criminal prosecutions every man has the right to be informed of the accusation against him and to confront the accusers and witnesses with other testimony, and to have counsel for his defence, and not be compelled to give evidence against himself, or to pay cost, jail fees or necessary witness fees of the officer unless found guilty.

Permit me Governor, to ask you how many of the prisoners you have had arrested by your subalterns—have been arrested under warrant—how many have been informed of the accusation against them—how many have been permitted to confront the accusers and witnesses with other testimony—how many have you permitted to have counsel—any governor? If not, you have been guilty not only of a flagrant violation of the Constitution, that you have sworn to support; but a violation of your oath of office. The 13th Section next claims our attention, it reads thus:

Art. 12th, No person shall be put to answer any criminal charge, except as hereinafter allowed (what?) but by *indictment—presentment* or *impeachment*.

Governor tell the people of North Carolina, how many of your prisoners you have indicted or caused to be indicted—how many of your prisoners you have presented, or caused to be presented—how many of your prisoners, have you impeached or caused to be impeached? any answer, Governor? If you have not, this is another high handed, flagrant usurpation of power and a violation of the Constitution and your oath.

Let us, Governor, take another step forward and see what the 13th, Section says: let us see whether you stand acquitted or condemned by that clause.

Sec. 13th, No person shall be convicted of any crime, but by the unanimous verdict of a jury of good and lawfull men in open Court.

Have you, Governor, shaped your course toward your prisoners in reference to this section of the constitution? Is it not a notorious fact, Governor, that you organized a drum-head court-martial to try, convict and execute those men held under arrest by you? If so, Governor, how do you stand; don't you think a jury of good and lawful men would bring in a verdict of guilty against you without leaving the box? But you say you and your court neither convicted or executed any one; none the better for that. Governor, nothing but a fear of the strong arm of the law deterred you and saved in all probability the shedding of innocent blood.

Now, Governor, let us proceed another step forward, and read in your hearing the 17th section. Surely Governor, you never read it, it must have escaped your strong revolving eye in your ravenous thirst for blood and carnage; but Governor I will be merciful to you, I will not tread heavily upon your toes or wound your conscience vindictively.

I am going to give you a fair showing, Governor, if you are convicted and suffer the extreme penalty of the law and of a guilty conscience, I intend Governor, that my skirts shall be clear alike of your blood and tears. Don't infer from my remarks that there is any danger of violence from the outside world, if you don't act the part of a Judas, my word for it you will live as long as Methusala, and then be in the morning of your life. If you will permit it I will become a hostage for your personal safety; if you will enter in bond and good security that you will not be guilty of suicide. Governor, if you know in what execration you are held by all honest men it would dispel every doubt as to your personal safety you have descended out of the reach of the assassins knife. I repeat, there is no danger.

Yours,
J. T. LEACH.

BIG CALCULATIONS.

The result of the late election came like a clap of thunder from a clear sky to many of the Radical aspirants. Some of them had been enjoying the loaves and fishes by anticipation for some time past, and felt so sure of success that they began to tell what a lift they would experience in the way of dollars. Perhaps cousin Mad. Hawkins got about as hard a fall as any poor fellow ever did get. In the month of June he might have been seen, on the excursion train, with his whole family, going North, what for, we may guess. Did he introduce his family at the Capital of the nation, and select a residence for the coming winter? if so, what shall be done with it? But, perhaps, cousin Mad. had never been to the Capital, and thought it necessary to go at least one time, so that when it should really come his turn to go, he might not miss the path. Half grown chickens caught out in a shower and coming home dripping to roost, never looked slimmer nor less smaller than many of his ilk. They deserved the defeat, if nothing more. The fact is, the Radicals had been carrying everything before them by such overwhelming majorities, especially in this District, that a nomination seemed almost equal to an election; and the transaction between an aspirant and the leading men of the party was a very simple affair. "If I join you can I get the nomination? If yes, you may count me in." But this time some of the eggs—they were bad eggs—didn't hatch. All well enough, for some men who would do well enough to break uncle Sam's clods, would hardly answer for legislators.

It will probably turn out to be true that Holden and his party regarded this election as the last one they would be able to carry in N. C. It was said at Henderson that a particular friend of the Governor made the statement there on the day of election.—This is quite plausible, and is corroborated by the fact of employing the military, which could only help the party *for this time*.—The Governor was willing to sacrifice the west of his party every where else, if it might prolong the life of the party here.

A good thing occurred at Henderson on the day of election. A certain white man who had not a great while since given in his adherence to Radicalism and was soon thereafter placed in a lucrative position, made himself quite busy about the polls.—Presently there came up an old darkey to vote the Conservative ticket "old man," said the Rad, "you are going to disgrace your color." "You, sir," said the old negro, "have already disgraced yours."

ROUND ABOUT.

P. S. Cousin Mad. got his cue from cousin negro Jim Harris, who assured the people at Louisburg that Mr. Hawkins and himself were just as good as elected, and that all they lacked was to count out the votes. This same dusky oracle assured the people that in a little while no man would be found to acknowledge himself a *Demo, crat*.

If Jim will now go through the State on a lecturing tour among his "breathring," he may yet do them good, in which case we claim permission to suggest the topic—BIG CALCULATIONS. Text: "Blessed am day dat specks nuffin, for day shant be disappinted."

EXCELSIOR LIFE INSURANCE CO.,
OF
NEW YORK.

GENERAL AGENT AND MANAGER.

DR. C. E. JOHNSON, MEDICAL EXAMINER.

CASH ASSETS - - - - - - - - $500,000.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in most cases, *considerably lower than* those of the leading Mutual Cash Companies.

The Excelsior issues Policies on all the plans of *Mutual* or Stock Companies, extending to policy holders, all the really desirable advantages. Its policies being *non-forfeiting*, the insured are privileged to *live and travel where they please* in any healthy part of the world, they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, *and a privilege* which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

Hitherto, I have been restricted in the very popular Company which I had the honor to represent to *Stock rates alone*, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this State, who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines *all the* popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue, because of the death of those for whose benefit the policy was secured, *into an Annuity Bond* which provides an income in cash *through life, or for a series of years as preferred*.

Circulars giving full explanations and any other information, will be cheerfully furnished.

The most liberal arrangements, will be made with first class solicitors, to push the EXCELSIOR forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

P. F. PESCUD,

DON'T FORGET THEM.—The prisoners brought down by Kirk to day are confined at the old Hutchings House, in the Eastern part of the city; we hope our citizens will not forget that they will want many comforts and conveniences that they cannot procure but through the hospitality of friends. We are sure the mere hint is sufficient.

THE TRIALS.—We shall have a competent Reporter in Salisbury to report the examination of Holden and Kirk's prisoners, before Judge Brooks, and also a Reporter to give the examination of those brought to Raleigh, should the examination proceed. Persons wanting extra numbers of the SENTINEL during the trial will please leave their orders at the office in the forenoon.

THE STATE TROOPS.—We have been asked two or three dozen times if Holden intends to disband his standing army when the prisoners they have arrested are turned over to the civil authorities. We don't think he will. It will be necessary especially, to keep that ornamental colored guard at the arsenal, to play marbles in Capitol Square for the good of the State, at $16 a month. Besides, the air is full of the ghosts of Ku Klux that disturb the Governor's repose, and ~~he will keep his~~ troops to protect him against those hobgoblins.

CAPE FEAR MILITARY ACADEMY.—We have received the "Register" of the Professor and cadets of Cape Fear Military Academy, located at Wilmington, for 1870. The list embraces 83 cadets for the year just closed, and the institution is represented in a healthy state.

MORE DEVILTRY.—A correspondent from Yanceyville says, "Kirk's Major arrested three more men yesterday (Sunday)—John G. Lea, Nat. Lea and Capt. T. N. Jordan, the last named for refusing to lend the Major a horse."

That is a pretty piece of business, to arrest a man because he didn't choose to lend him his horse; yet it is no worse than a thousand other acts of lawlessness and indignity that have been practiced on our citizens by Holden's band of brigands, since they have been in the State.

The law gives redress for such outrages, and that redress will be sought. The people have been harassed and oppressed long enough; they have borne as no other people have borne the indignities heaped upon them, for the sake of peace, but there is a point beyond which, "forbearance ceases to be a virtue," and that point has been reached. Our people will demand and will have the protection to life, liberty and property, which the constitution and laws give them.

CONVENTION OF INSTRUCTORS OF THE DEAF AND DUMB.—We learn that the biennial Convention of Principals and Instructors of Deaf and Dumb Institutions, in the United States, will assemble in Indianapolis, Ind., on Wednesday, August 24th, 1870. Many important matters in relation to the instruction of the Deaf and Dumb will be brought before this Convention, and the meeting is looked forward to with great interest by members of the profession. Our State Institution will be represented by the Principal and some of the teachers.

The Local Ministers' Association of North Carolina, will meet at Durham, N. C., on Friday the 26th at 10 o'clock, A. M., and continue till Sunday night. Ample provisions are made by the citizens for the entertainment of members and ministers. Those attending should ask for return tickets at the ticket office before taking the train. On arriving at Durham, report at Morris' Hotel for assignment of homes.

NEWS BREVITIES.

Greeley is spoken of as the Republican candidate for Governor of New York, and Grant it is said favors the nomination.

The new tariff act of Congress raises on coffee $6 500,000; on tea $7,000,000, and on sugar and molasses, $28,000,000.

The Census shows a decrease in the population of New Hampshire of from six to ten thousand. There will be an increase now that the carpet baggers are leaving the South.

A Whittemore has withdrawn from the canvass for Congress in South Carolina, and will retire to private life. Whittemore, like thousands of other carpet baggers in the South, has "played out."

LONDON, August 15.—Private letters from Paris describe the Empress as sadly changed and worn by heavy days and sleepless nights.

The *Scotsman* affirms that the Prince Imperial is in London.

It is said the reason of the ex-empress Carlotta has been re-awakened by the great events now transpiring on the continent.—She manifests the deepest interest in the war.

NEWS FROM MR. TURNER.

We received the following telegram from a friend at Greensborough, to day at 3 o'clock, P. M.:

"MR. LOCAL:—Holden's prisoners have just passed on their way to Salisbury. I learn that on Tuesday, a negro was put out of his cage and Mr. Turner put in. On Thursday morning he was put in the cage where Andrew Tarpley, the negro convicted to be hung to morrow, is chained to the floor. The dungeons were foul, lousy and loathsome. Water was allowed only in the vessels used by the prisoners. Mr. Turner refused to drink it and has not had a drink since Tuesday morning. He says Holden "handled" him, but he had the victory on the *water question*. He says, Holden couldn't have "handled" him thus, but for Pearson and the Supreme Court backed by Phillips, Scott & Co.

He says he wants his friends to be quiet until truth prevails and tardy justice again spreads her banners."

S.

We received the following from our reporter at Salisbury, at 5 o'clock.

"Mr. Turner and twenty three other prisoners have arrived. They all appear in good spirits. It is rumored that Kirk will ask for an extension of time to report."

SECOND DISPATCH.

SALISBURY 18th, 6 o'clock P. M.—Prisoners before the Judge this afternoon. Kirk allowed until ten o'clock to-morrow to make return.

Prisoners released on their own recognizance in one thousand dollars.

Writs granted for thirty more parties.

HOW NOT TO MANAGE SOUTHERN ELECTIONS.

A saying of the Wise Man is verified in the course of some extreme Southern politicians and their Northern abettors: "Though thou shouldest bray a fool in a mortar among wheat with a pestle, yet will not his foolishness depart from him." The class of whom we speak learn nothing from experience. The fact that Gov. Holden's violent proceedings have transferred North Carolina to the Democracy teaches them no lesson. They imagine that the possession of power entitles them to play despotic tricks with impunity; and that if their authority to override law and outrage justice be challenged, they have but to appeal to Washington to obtain all the support they require. They assume that Federal troops are available whenever they choose to call for help, and that, if these are not equal to the occasion, Congress will upset its own work, do violence to the rights of sovereign States, and restore chaos as a pretext for military government. It must be admitted that for these extravagant assumptions too much justification has been afforded. The dispatch of troops to do Gov. Holden's bidding is a precedent not less mischievous in its tendency than the ever recurring threat of interference which the extremists in Congress promulgate whenever they find party supremacy jeopardized in a Southern State. But the folly that invokes Federal interference is none the less because there is a folly that concedes such interference. In either case it is suicidal.

What is about to happen when Mr. Forney's two papers begin to talk of "renewed Southern outrages," all of us know. The sign is understood everywhere. There is a purpose which may be interpreted without prophetic aid. Some scheme for promoting personal ambition or factious greed is to be presented to Congress or the President. Some plan is contemplated for carrying an election against the will of the people, or for perpetuating an authority that cannot withstand the free exercise of the ballot. Then the Kuklux reappear, and murders and outrages multiply at a rate which only vivid imaginations can explain. Of this startling intelligence the Washington *Chronicle* and the Philadelphia *Press* have a monopoly; they are without a rival in that line of the new-paper business. And they are preparing now for fresh manifestations of their peculiar skill. They would have us believe that the defeat in North Carolina might have been prevented had there been more bayonets at the ballot-box; and they so describe events in other States as to suggest the necessity for military appearances to make sure of Republican victories. They ask us to rely more upon the bullet, and less upon the ballot.

From this teaching Georgia has happily been rescued by the good sense of one branch of the local Legislature, indorsed and perhaps aided by Attorney General AKERMAN. The people are not to be defrauded out of an election, as was proposed. Now let us hope that they will be allowed to vote unmolested by the military. Mr. Akerman has well said that the Republican Party can better afford to lose a State than to retain it by means that conflict with right. In Texas however, there is a Governor who desires to imitate Mr. Holden. He wants a little standing army to aid him in managing matters, and threatens to appeal to the Washington Jupiter if the Legislature reject his propositions. A dispatch to the Galveston *Bulletin*—a staunch Union sheet—briefly tells the story:

"AUSTIN, AUG. 6.—Gov. DAVIS has determined that if the Legislature adjourns without passing the appropriations he asked, amounting to $1,600,000, that he will immediately call an extra session. If that is refused, he will report to the Federal Government that the State is lawless, that he is powerless, and ask that the State be remanded to military rule, that he be appointed Military Governor, and troops stationed in the State as before reconstruction."

We have seen these things so often already that the prospect of their repetition excites no surprise. The partisan license in which they originate is not exhausted. All we can hope is that if Gov. DAVIS make a pilgrimage to Washington he will return home a less confident if not a wiser man.

It is quite evident that the process of tinkering the Southern States to establish party supremacy in them forever, has been continued too long for the good of the party itself. The object of reconstruction was national, not partisan, and the policy that would unsettle a finished work as often as partisan exigencies arise, is as scandalous as it is impolitic. It brings disgrace on the party resorting to it, and insures a repetition of results akin to those in North Carolina. The field is broad and fair, and we should be content to contest it fairly. Many substantial advantages are on the Republican side, and their legitimate use should be sufficient for all reasonable purposes. If our party managers would turn them to the best account, and win victories where now they seem to dread defeat, they will expel the Holdens and Davises from their councils, and discard the intolerant, proscriptive temper, and the reckless abuse of power, which have been their chief characteristics.

MISCEGENATION.—A white man, hailing from Ohio, married a negro woman in Newberry, S. C., last week. The *Herald*, alluding to the circumstance, says that the respectable colored people are quite indignant.

Wednesday Night Dispatches.

WASHINGTON.

WASHINGTON, August 17.—The steamer "Shenandoah" will reinforce the European squadron.

Ackerman goes to Georgia to make political speeches.

The President returns Friday to a Cabinet meeting.

Ackerman decides that the persons actually employed by the Treasury Department must be paid without taking the oath.

Maj. James Belger has been appointed special Treasury agent.

Official information denies the general expulsion of the Prussians from Paris. Only about 150 persons have been expelled for cause.

GEORGIA.

SAVANNAH, August 16.—The American bark "Eagle," for New York, was struck by lightning near the Bahama Islands on the 26th, and is a total loss. The crew was saved.

ATLANTA, August 17.—The Democratic State Convention met to-day. Gen. A. H. Colquett was elected President. The Convention unanimously adopted a platform, as follows:

"That the Democratic party of Georgia stand upon the principles of the Democratic party of the Union, bringing into special prominence as applicable to the present extraordinary condition of the country, the unchangable doctrine that this is a Union of the States, and their rights and their equality with each other are an indispensable part of our political system.

"That in the approaching election the Democratic party invite every body to co-operate with them in zeal and determination to change, as far as the several elections to be held can do, the present usurping and corrupt administration of the State government, by placing in power men who are true to the principles of Constitutional government and to a faithful and economical administration of State affairs.

"That whatever policy others may pursue we pledge ourselves to do all in our power to secure a free and fair election by all who are qualified to vote under existing laws."

The Convention then adjourned *sine die*.

FOREIGN.

MADRID, August 17.—The amnesty is made absolute; all proceedings against political prisoners are quashed—quashed. Col. Hay, Secretary of the American Legation has gone to Washington to adjust questions arising from the Cuban situation.

FLORENCE, August 17.—The Italian army has been increased. An extraordinary loan for war purposes has been negotiated.

LONDON, August 17.—A French steamer captured the schooner "Ada."

Napoleon's growing unpopularity is entirely owing to his interference with the army instead of leaving it with military experts.

The *Times* says the French received the finishing stroke at Metz. The battle will be fought out at Chalons when English intervention occurs.

Correspondents concur that the French army entered the last conflict in a starving condition.

The main body of the French are concentrated at Etain. The Algerian troops are not to be recalled.

The Garde de Paris demanded to be led to active service.

The Russian press is alarmed at the Prussian success.

The Archbishop of Paris has surrendered the schools and other institutions for hospitals. Three thousand beds are already placed in them.

The Prussian loan is unsuccessful at Hamburg.

The blockade being established, Austria allowed Russia to pass merchandize though the port of Sega.

PARIS, August 17.—The following official has just been bulletined:

"The Department of War has just received news from the army, which continues to carry out the combined movement. After the brilliant combat of Sunday night, two divisions of the enemy which sought to interrupt the French march were repulsed. The Emperor is at Chalons organizing a large force."

The *Journal Officiale* publishes a notification of the blockade of German and Prussian ports, commencing on the 19th of August. Friendly and neutral vessels will be allowed ten days to load and depart.

The following is official: "We had a serious engagement yesterday, 16th, near Gravillotte. We gained the advantage but lost heavily. [NOTE.—Gravillotte is a small town six miles southwest of Metz, and two miles from Mozelle.]

Thursday Evening Dispatches.

WASHINGTON.

WASHINGTON, August 18.—The President will remain absent during the month.

Bingham was re-nominated on 3rd ballot.

FORRIGN.

BERLIN, August 18.—The following is official: Pont a Mousson, Wednesday evening; The third *corps* moved, yesterday, to the east side of the Moselle, on the line of the enemy's retreat, towards Verdun. There was severe fighting with four of the French Divisions and the imperial guard. The fifth *corps* was sustained by the tenth and by detachments of the eighth and ninth, commanded by Frederick Charles. The enemy was driven upon Metz despite his superior numbers, after twelve hours combat.

It is pretty certain that the Prince Royal was wounded in one of the battles around Metz.

LONDON, August 18.—Information is received that on Thursday morning a great battle was progressing near Malatcone. Gens. Froissard and Batallie reported wounded.

The French telegrams give the following resume of events since Sunday: On that day the French engaged the Prussians before Metz inflicting heavy losses. The French then retired on Verdun. On Monday the Emperor gave battle with fifty thousand troops. Fighting subsequently occurred at Longueville, the French constantly fighting and retreating, contesting every step. On Tuesday the Emperor passed through Verdun and reached Rheims, where he remains.

PARIS, August 18.—*La Presse* praises Bazaine for refusing the armistice demanded by the Prussians to bury their dead. The army continues its work of annihilating the enemy; gained a complete victory. There are near one thousand men working on the Paris defenses.

PARIS, August 18.—Morning.—An official dispatch received from Bazaine claims a great victory over the Prince Frederick Charles and Gen Steinmetz between Dancourt and Beronville.

CHOLERA.

HOW TO CURE IT.

At the commencement of the Diarrhœa, which always precedes an attack of the Cholera, take a teaspoonful of the Pain Killer in sugar and water, (hot, if convenient) and then bathe freely the stomach and bowels with the Pain Killer clear. Should the diarrhœa or cramps continue, repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.

The Pain Killer, as an internal remedy, has no equal. In cases of Cholera, Summer Complaints, Dysentery, Asthma, cures in one night by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to Old Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache, don't fail to try it. In short, it is a PAIN KILLER.

Directions accompany each bottle.

The Pain Killer is sold by all dealers in Medicines.

Prices, 25 cents, 50 cents and $1 per bottle.

LIFE ASSURANCE SOCIETY

92 BROADWAY, NEW YORK.

GENERAL AGENTS,

CHARLOTTE N. C.

THE EQUITABLE

HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (sum assured), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1860 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1862 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One Hundred Dollars paid in dividends, at the end of one year, and each year thereafter, equals FOUR HUNDRED AND THIRTY-SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

Gentlemen of character desirous of forming a connection with the Society as Agents are invited to communicate with its General Agents.

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!

WITHOUT SEDIMENT!!

OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists

No more Exploded Cans!—No more Exploded Lamps!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in recommending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

PATENT GLASS SUBMERGED

DOUBLE-ACTING FORCE PUMP.

SUBSTITUTE FOR A FIRE ENGINE.

THIS Pump will pump 30 gallons of water per minute, will never cut out the packing, has no friction, no water ever stands in its pipes to freeze, and is less liable to get out of order than any other pump now used. It can be set up in a short time by any ordinary mechanic.

The No. 2 pump for small wells will be sold at from $20 to $30, capable of throwing 20 gallons of water per minute. The price of No. 2 for railroad stations, throwing 60 gallons per minute, will be given upon application.

Having the exclusive right to this pump for the states of North and South Carolina, and having established a factory for the manufacture of them at Wilson, N. C., I will receive orders for them at Wilson, and will ship them by Express C. O. D., or, if the money is sent me, by the regular freight. The number of feet in the depth of the well must be given in all cases

MR. J. L. KITCHIN:

DEAR SIR.—We certify that the "Balding Pumps" put up by you in the town of Scotland Neck are a perfect success. They pump very rapidly, and by attaching hose, will throw water from 40 to 60 feet and would prove invaluable in case of fire.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFF enjoys the highest reputation *for judgment of investment, economy of management, and skil and care in the selection of risks,*—upon which elements of administration the security of a Life Insurance Corporation *depends.*

The laws of New York *compel* Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers, in looking around for Companies in which to insure, should carefully seek for this important SAFEGUARD. It will be found in the BROOKLYN LIFE.

Gen'l. S. B. BUCKNER, Manager Southern Dep't.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."
